Karangahape Road Enhancements Project – Contractor onboard

Auckland Transport has signed the contract with John Fillmore Contracting Ltd (JFC) to deliver the physical works for the enhancement project.

The earliest JFC could be on site is 1 July 2019, subject to them receiving appropriate approvals.

We understand the priority is to inform the community about the details of the programme (when and where) to facilitate business planning. AT's Paul Edmonds will be in contact soon to provide further details.

Please circulate this letter to announce the start of works to your community.

Thank you
Sharleen Pihema
AT Communications

If you have any concerns, you are welcome to contact AT Stakeholder Manager, Paul.Edmonds@at.govt.nz
