

Public realm engagement – Stage A consultation Beresford Square station entrance

Dear Neighbours,

Over the next few weeks we will be holding consultation sessions on the proposed public realm design for the Beresford entrance of Karangahape Station. Your feedback is integral to creating an area that best serves the community.

Local consultation

The Link Alliance will host a number of engagement forums for you to participate, ask questions and provide input on the proposed (Stage A) designs. Your feedback will be used to inform design and will enable us to advance to the next stage of the design process and engagement that will take place in the New Year.

Below are the forum dates. While we have grouped the audience to best facilitate discussion, please feel free to attend a session that suits you. The presentation will start promptly at 5pm to ensure ample time for discussion.

Dates and times

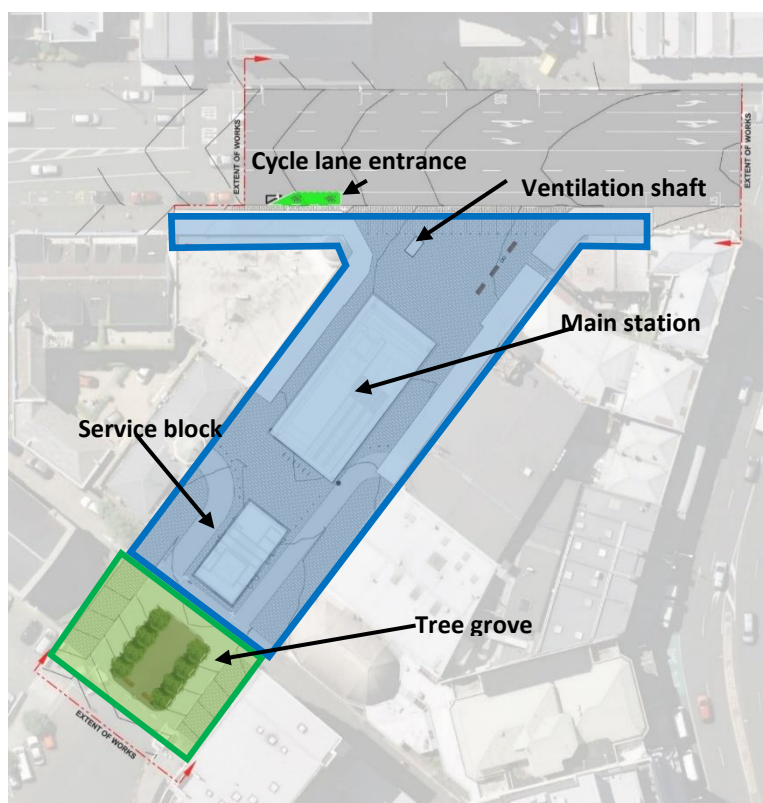

| Group | Date and Times | Location |
|--|----------------------------------|--|
| Residents of Beresford Square and surrounding area | Thursday 22 October 5 – 6 PM | Methodist Church - 78 Pitt Street The Parlour |
| Local businesses | Wednesday 28 October 5 – 6 PM | Methodist Church - 78 Pitt Street The Parlour |
| Residents and businesses | Thursday 29 October 5 – 6 PM | Methodist Church - 78 Pitt Street The Parlour |

Design overview

The large green area in the diagram below identifies the area with the greatest opportunity for stakeholder input. The initial design includes a proposed tree grove, street furniture and open space.

Community feedback will also be sought on the blue area which includes the station entrance, bollards, public toilets, cycle rack and proposed retail space.

While these elements are largely confirmed, feedback may have a bearing on style, type and positioning of these items within the urban realm.

Feedback form

Below is a link to the form we will use to collect your feedback. If you can't attend one of the public forums you can still provide input for consideration in the final designs via this channel.
